INSTRUCTIONS FOR COMPLETING APPLICATION FOR MEMBERSHIP

GENERAL

The “Application for Membership” is used by all bona fide applicants for registration by the Architects’ Association of Prince Edward Island.

The form must be filled out accurately, neatly and completely. Use “N/A” for those sections which do not apply in your situation, and attach additional sheets when necessary to explain complex or unusual situations. (Do not attach a resume in lieu of completing the form.) The form should be typed or neatly printed using black ink so that clear reproductions can be made.

Return one original, notarized copy of the application to the Association.

A. REGISTRATION HISTORY

Indicate registration status in all jurisdictions where you are currently or have been previously registered. For each registration, include your registration number and the date you were initially registered. Note any registration not currently in good standing and the reason for it no longer being in good standing. Include foreign registrations and licenses for any other professions held. Attach additional sheets as necessary.

B. EDUCATION HISTORY

Education qualifications must be verified. Please indicate your Canadian Architectural Certification Board (formerly RAIC Certification Board) Number.

List the colleges and universities you have attended. Designate those from which you received your architectural education. Those who have had no college education should list the date of graduation from high school (or high school equivalent) and the name of the school. An applicant who did not complete a degree from a college or university or recognised equivalent (Syllabus of Studies) should show major field(s) of study, i.e. architecture, etc. and the number of credit hours (semester or quarter) attained.

C. EXPERIENCE HISTORY

All applicants must provide complete information on all of their employment experience. Accuracy of dates and the types of employment is very important. Employers will be contacted for confirmation to establish the employment record. Employment with organizations that are not architectural firms and employment not directly related to architectural work must be included so that no gaps appear in the complete chronological listing. Note periods of unemployment, where they occur, rather than leaving a period of time without explanation.

Differentiate carefully between periods of part-time and full-time employment.

Note: Part-time means less than 35 hours/week. Seasonal employment should be listed as full time if more than 35 hours/week.

List complete current address for all employers. If a former employer is deceased, the firm has dissolved, or is now operating under a different name, list a current address of a reference source (preferably an architect) who can verify the employment history with the firm.

Note: Graduate architects applying for registration are required only to list employers. Complete employment history is accepted through the submission of the Canadian Experience Record Book and evidence of approved completion of the three-year work experience requirement.

D. EXAMINATION HISTORY

Indicate the examination(s) you have completed and give the jurisdiction for which you took the exam(s). Indicate if you have successfully completed a treatise or seminar on special subjects e.g., seismic forces, sub-arctic conditions, etc. on the line marked "Other".

E. PROFESSIONAL, PUBLIC AND COMMUNITY SERVICE

List membership in professional, public and community organizations, noting special activities and offices held.
